

BLOOD TESTS

Following a significant increase in the number of blood tests requested and limited availability, we would ask patients to take their blood request form to QUEEN MARY'S HOSPITAL, Roehampton Lane.

The Phlebotomy Service is in Suite 2, close to the Main Entrance and is available Monday to Friday from **8.15am to 4.30pm**. There is not usually a wait.

Parking is easily available and costs £1.60 an hour.

Alternatively the 72, 265 and 493 buses stop outside

If you are unable to get to the hospital, we will do our best to give you an appointment but it may need to be in a couple of week's time.

If the blood test is urgent, your GP will either arrange it or will let Reception know.

Many thanks

Glebe Road Surgery
